STATEMENT OF INTEREST INFORMATION

COMPETITION DESCRIPTION

The U.S. Embassy in Morocco is pleased to announce an open call for organizations to submit a Statement of Interest (SOI) to compete for a Cooperative Agreement (CA) award for a new youth leadership program.

The submission of the SOI is the first step in a two-step process. Applicants must first submit a concise (1-3 pages only) SOI to Rabatgrants@state.gov in English by April 30, 2022, that provides program ideas and objectives as well as information on the organization’s relevant experience. This is not a full proposal. Use the following numbered statements below to guide you in writing a Statement of Interest no more than three pages in length. Please begin with a history of your organization, its mission, and prior work experience in leadership initiatives.

1. Write a brief description of proposed program activities for the Leadership Program. Include goals and objectives and how the activities will provide maximum impact in achieving these results.
2. Describe how you will identify and recruit a diverse and inclusive group of participants and trainers.
3. Explain how you will know whether you have achieved the desired impact. Additionally, explain how you will ensure that you can demonstrate evidence of success.
4. Tell us how long it will take to implement your project.

Following a merit review, applicants will be selected and invited to expand on their program ideas by submitting a full proposal application (a second-tier submission). Applicants chosen to submit a full proposal will be notified by May 1 and asked to submit their full proposal by May 30. Full proposals will go through a second merit review before final funding decisions are made and a Grantee is selected. Please do not submit a full proposal unless requested to do so by the U.S. Embassy.

PROGRAM DESCRIPTION

The Leadership Program will offer in-person and on-line training to 60 young Moroccan leaders ages 18-30. The program will have a national scope and will consist of two tracks: civic
engagement and entrepreneurship. This three-month program will provide leadership training and networking opportunities to emerging civic leaders and aspiring entrepreneurs from across Morocco to effectively undertake activities that will positively impact their communities.

The main goals are to:

- Select a diverse group of 60 future leaders in entrepreneurship and civic engagement from across Morocco who seek to have a positive impact on their communities
- Build their leadership skills to help them succeed
- Help them develop close ties to the U.S. Mission and its alumni network
- Improve youth employability in Morocco

Recruitment:

The grantee will recruit 60 community leaders and aspiring entrepreneurs from across Morocco using both an on-line platform as well as through other means of publicity. The U.S. Embassy will assist in the review of the best applications as well as sit in on interviews.

In-Person Events:

The grantee will organize three in-person events in consultation with the Embassy:

- A leadership training event that brings together the selected participants, Embassy representatives, select Alumni leaders/trainers, and an American expert in leadership.
- An in-person training program following the online training sessions.
- A pitch competition, where winners are provided seed funding and implementation support from the grantee.

On-line training sessions:

The grantee will design (in consultation with the U.S. Embassy) and organize a series of online trainings in specific skills for each track.

Skills to be covered in Civic Engagement could include but are not limited to: NGO and association management, local government, funding, social media, etc.

Skills to be covered in Entrepreneurship could include, but are not limited to design business plan, investors, management, brand, social media, etc.

When you register in SAM.gov and have acquired the UEI Number, please register to receive a NCAGE Code Number with NCS at the same time. See instructions below in #3 for Sam.gov registration.

2. NATO COMMERCIAL AND GOVERNMENT ENTITY (NCAGE) CODE

NATO Commercial and Government Entity (NCAGE) codes are required for all foreign entities to create an account in SAM.gov. The Code is a five-character ID number, and can take, at a minimum, 4-5 business days to create.

## 3. SYSTEM FOR AWARD MANAGEMENT (SAM.gov): You must use either the Google Chrome or Mozilla Firefox web browser

SAM is a U.S.-government wide registry of vendors doing business with the U.S. federal government and requires annual renewal. The system centralizes information about grant applicants/recipients and provides them with a central location to change their organizational information.

More information about SAM.gov and useful guides for setting-up a new account, updating an existing account, or renewing an expired account can be found at:
https://sam.gov/content/entity-registration

Follow the steps below to register:

• Log onto https://www.sam.gov

• If you have had an active record in The Central Contractor Registration (CCR), you may already have an active record in SAM. To check for an active registration, please conduct a “search” for your record using the organization name and/or UEI number in SAM. If you are not registered, your organization or entity will not be found.

• If your organization does not have an active registration, you must create a user account and input all information in the exact manner as you have for the IRS, SAMS UEI, and NCAGE.

• Complete and submit the online form.

If the applying organization already has the necessary information on hand (see the SAM User Guide), the online form takes approximately one hour to complete, depending upon the size and complexity of the applying entity. Because of the different steps in the process, it might take anywhere from three to fourteen business days to complete the process of creating an account with the system.
