This [link](#) is to a document that explains CAGE/NCAGE procedures. It also includes the process as they relate to registering in and updating data in U.S. System for Award Management (SAM). We highly recommend organizations trying to do business with the U.S. Federal government read the document and follow the instructions. The document also contains points of contact for CAGE/NCAGE matters for the National Codification Bureaus. The NCAGE Team

NSPA assign an NCAGE or forward the request to the applicable National Codification Bureau (NCB) if the entity is located in a NATO (including the U.S.) or Tier 2 nation.

**Validate NCAGE Code:**

1. When the NCAGE Code is assigned, an email message will be sent to the entity POC in the NCAGE Request.
2. The new NCAGE CODE information is validated by logging into the NSPA web portal.

<https://eportal.nspa.nato.int/AC135Public/scage/CageList.aspx?id=TUExODAyNDczNjU1NA==&mail=T3VjaGFrb3Vyc0BzdGF0ZS5nb3Y=&type=TkVX>

3. Enter the NCAGE Code in the first screen, click the Enter key.
4. At the bottom of the screen, a Results box will display. Click on the line of the entity/organization.
5. NSPA and the appropriate country's NCBs will forward all NCAGE Code information to the U.S. CAGE Program Office. Depending on the assigned country, the data transmission to the U.S. CAGE Program Office will vary from daily/weekly/monthly/bi-monthly/annually based on their internal procedures for transmission to all AC/135 nations.
6. If the NCAGE Code is not assigned by NSPA/or National Codification Bureau (NCB) then the company entity POC will be contacted by email/letter from NSPA or NCB.
7. Entity POC should contact applicable NSPA or NCB indicated in the Annex of the instruction link at NSPA.

Scroll down the page to Annex section and contact the NCAGE POC for the nation where the entity is physically located.

**Validate Information in CSI.**

- a. Once the NCAGE is received in the CAGE Program Office, the NCAGE Code is displayed in CAGE Search and Inquiry (CSI – formerly Business Identification Number Cross Reference System (BINCS))
- b. The entity/organization's Legal Business Name and Physical Address must match exactly with NSPA, CSI, D&B and SAM.
- c. Access CSI to confirm the NCAGE Code data. Refer to Section 14, Appendix 2.E How to Navigate CSI Tool.
- d. If the NCAGE does not display in CSI but IS located in the CAGE/NCAGE Code Request, contact the DLA Contact Center reporting this discrepancy.
- e. If all information is current in CSI and CAGE/NCAGE Code Request proceed to obtain a DUNS Number.

**TIMEFRAME:** CSI is updated after CAGE Program Office has received and processed the NCAGE data which may be up to 10 business days.
